TRANSYLVANIA LAW SCHOOL. THE departments of this School have been filled and extended by the appointment of the Hon. THOMAS B. MONROE, (Judge of the U. S. District Court for Kentucky,) Professor of Civil, National, Criminal and Commercial Law. And

M. C. JOHNSON, Adjunct Professor, who will attend the class in the casual absence of the regular Professors. The winter session of this School will commence, as usual, on the 1st of November, and will be prolonged to five in-stead of four months, as heretofore. This extension of the session will enable the Professors to give a more extensive and thorough course of instruction, which will be carried on principally by daily examination in designated portions of the text books, with such explanations and illustrations as may be deemed necessary, and also by Moot Courts, for pleading and the discussion of legal questions, and by re-quiring from the students written exercises in drawing up bonds, deeds and other legal instruments, arguments and opinions. The attention of the students will also be special-

tory as connected with the progress of the Law, and to the Federal Courts. The books will be principally such as have been heretofore used, to be furnished by the students. The extension of the session and of the course of instruc tion will produce some increase in the cost of the Professor's tickets, the particulars of which will be hereafter announced. It is expected that there will be a second session of five months in each year, and in fact that arrangements will be made for a continuance of regular study and exercises during the whole year, by such students as may desire it. Diplomas will be granted at the end of each session to such as are found qualified to receive them. M. C. JOHNSON, oct21—trif Chairman Board Trustees.

Foot of Broad Street, Directly opposite the Steamboat Landing, Nashville, Tenn. J. L. GRACE, Proprietor. THE undersigned, thankful for the very liberal patronage bestowed on this House since he opened it to the public in March last, and most respectfully solicits a continuance of public favor. To the boarding and traveling community, he would say, that he is now prepared to give them accommodations equal to any hotel in the city, having procured the services of polite and attentive clerks, experienced waiters, and first rate cooks.—

The rooms are large and pleasantly situated, commanding a beautifut view of the river and business operations of the city. Persons wishing to travel by the river this house affords superior advantages, being located

Immediately at the Landing. The traveller who stops here need never loose his chance of the first boat. Baggage will always be conveyed to and from Steamboats by the servants of the bouse, free of charge Bills always mcderate. jan22

WE are supplying as fast as we can manufacture them, the popular Wrought Iron Cooking Stove called THE TENNESSEAN. and we offer the following good and sufficient reasons why it should be in every family in the South:

1st, It is of Southern manufacture, being made by the subscribers in the city of Nashville. 2nd. It is of such durable materials that it must out last

Srd. It is more complete in its cooking apparatus than any cast iron cooking stove. 4th. It is so complete in its construction, that a child can 5th. Its economy of fuel is such, that it does not use half as much fuel as a cast iron stove of the same size. 6th. In economy of time it is important, as it can be heat-ed ready for cooking in a few minutes. HARDWARE AND CUTLERY, FALL STOCK FOR 1852.

three or four cast iron stoves.

7th. Its uniform regularity, as every part of the stove is equally heated at the same time. 8th. Its perfect reliability, as we have put up over 400 of them in this State, and no one has ever failed to give entire satisfaction.

The Tennessean has now been before the public for five years, and if not as new as some, it has another advantage quite as great, viz: a well earned reputation and a rising credit. It has been doing the work of many hundreds of

families for several years, and it may be said, to HAVE ESTABLISHED ITSELF IN BUSINESS. Competition and change have done it no burt. Like an old and well known trading that in the article of Hardware at least, the Nashville market is preferable to those of New York and Philadelphia; for the simple reason that this description of goods will not bear the heavy expenses of transportation which must necessarily accrue when brought through by canals and railroads. The undersigned are also enabled to place their customers on an equal flooting with those purchasing in any other market, from the fact that their European goods being all imported direct from the manufacturers by way of New Orleans without touching New York, thus enabling them to offer their goods at a snall advance on importation cost.

Merchants, Blacksmiths, Carpenters, &c., visiting Nashville are invited to call and examine their stock before purchasing.

Harkshird in the article of Hardware at least, the Nashville market is preferable to those of New York and Philadelphia; for burst. Like an old and well known trading house that retains its regular custom, while new ones are springing up around it, so this stove has held on its way. No stove could thus steadily and permanently prosper, that has not sterling qualities—the true element of success.

The Tennessean started on right principles, and has had no occasion to stop for improvements. Those who have used it, are determined still to use it, without modification or change. It is brought forward as the same substantial, convenient, business-like stove, that has served the public so well heretofore, and that has done its full share in gaining for our establishment the reputation it enjoys; of keeping the best cooking stoves in the market.

DR. BLEDSOE'S ALTERATIVE COMPOUND

DB. BLEDSOE'S ALTERATIVE COMPOUND
The Remedy over all Remedies for the Diseases of the Liver
Dyspepsia, Enlargement and Inflamation of the Spleen
Hearburns, Colic Flatalence, Piles, Construction, all
diseases of the Bousels, and such diseases as arise from a
disorderd state of the Stomach, Liver or Bowels, as
Servefula and Sorse of any kind. For General Debility,
from which Ladies frequently suffer, there is not sta
equal in the whole Materia Medica.

The inventor of this preparation was for three years a
completely prostrated from Dyspepsia and inactivity of
the Liver that he was frequently for weeks at a time unable to
raise himself from his bed. He sought aid from physicians
at home and in Europe, but in vain; his case was pronounced
hopeless by thousands, and it was by accident that he sueecceded in curing himself. Since he has been practicing medicine, his success in such cases has been unrivalled. He
has been aware of the incredulity of the public, and consequently said nothing through the press of his own case,
until the character of the medicine was fully established
by its success, as shown by the certificates which have been
advertised.

MEMPHE, Tenn., April 17, 1352.

I hereby certify that I have been acquainted with Dr.J.

N. Bledsoe and some years ago he was reduced I believe lower than I have ever seen any one that afterwards recovered, with what I supposed to be Dyspepsia and Liver affection, and after trying the prescriptions of many Physicians in this as well as other countries, without relief, he finally succeeded with a preparation of his own in being restored to good health.

M. GABBERT, M. D.

Physicians are requested to try this preparation. We feel satisfied it will sustain the character we give to it in this

Dr. Bernson: —I take the liberty and fell it to be my duty to recommend to all persons suffering from disease of the stomach and bowels, your Alterative Compound, as a very seperior medicine. My son, aged 15 years, had been under medical treatment about five years for dyspepsis and diarrhea when having almost despaired of his recovery, I con-cluded to try your Alterative, two bottles of which, I believe, entirely cured him. MICAJAH CAYCE.

Dr. Bledsor:—Some time has elapsed since I gave a cer-tificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saying to the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stomach from dyspepsia. I had tried of several whom I thought to be the best physicians in the place and a great many different medicines, with momentary relief. Being persuaded to try your alterative compound, I did so—and I am happy to say your alterative compound, I did so—and I am mappy that it has entirely cured her; and I would conscientiously recommend it to all persons suffering from diseases of the lives and dyspensia.

N. B. ROBERTSON.

HUNTSVILLE, Sept. 29, 1851. Dr. Bledson—Having seen the publication of your Alterative Compound, I think it my duty te say to the public, that I had been for years subject to spells of Cramp Coiic, in its worst form; that I had tried almost every thing that is given by physicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which has relieved me in every attack in less than an hour.

WM. B. LLOYD.

GILES COUNTY, Tenn., Dec. 23, 1851.

DR. BLEDSOE:—I feel that I should fall short of my duty to you and to those who are afflicted, were I not to further recommend your Alterative Compound. It has entirely re-lieved me, so that I have not had cause to take anything in two months. I can eat anything I want with impunity, and believe my health is as good as it ever is at my advanced age. Should I ever suffer from dyspepsia again I shall be sure to call on you. I am very respectfully your friend.

ELIZABETH J. HARWOOD.

HUNTSVILLE, Ala., August 24, 1851.

This is to certify, that I had suffered for many years with Dyspepsia and Diseases of the Liver. Physician after Physician had prescribed for me without my receiving any ben-efit, when I commenced the use of Dr. Bledsoe's Alterative Compound, which cured me soundly, and I recommend it because of the same happy effect upon others of my acquaint JOSEPH CAROTHERS. JOSEPH CAROTHERS. HUNTSVILLE, Ala., March 3, 1852.

Dr. Bledsor:—Sir: Judging from the certificates you have already advertised, it will be almost unnecessary for me to add further evidence in regard to the healing virtues of your Compound; but I must say, that for years I suffered a great deal from Dyspepsia and enlargement of the spleen, and thought that I never would recover. I commenced taking your compound about nine weeks since, and have gained
